

APPENDIX 2

MATRIX OF SERVICE INFORMATION: SHIRE OF DERBY WEST KIMBERLEY

Please Note: This is not a definitive list of services or service agencies in the Shire of Derby- West Kimberley. Only those agencies that responded to requests to provide program information have been included.

Land, Heritage & Culture					
Program Title	Program Description (Objective, target group, other stakeholders)	Funding Source (agency)	2004/05 Funding	How Service Delivered (e.g. contracted to xxx Aboriginal Corporation)	Comments
DIA					
Heritage and Culture Branch	The DIA HCB administers the <i>Aboriginal Heritage Act 1972</i> through processes such as the maintenance of Aboriginal Sites Register, support to the Aboriginal Cultural Material Committee (ACMC) and the appointment of honorary wardens. It is also responsible for the protection and management of heritage sites and provides general advice on heritage matters.	Heritage and Culture Branch of DIA	DIA HCB	DIA has limited funding and looks to develop partnerships with various stakeholders to maximise Indigenous site protection.	Grant funding opportunities are available through the Reconciliation budget (\$100,000 per annum) and advertised in two rounds. Organisations or community groups undertaking a project designed to promote, record and preserve Indigenous heritage and culture in their area are eligible to apply for up to \$5,000 each.

<p>Land Transfer Program</p>	<p>Since 1999, DIA has been involved in the transfer of the Aboriginal Lands Trust (ALT) land estate back to Indigenous people. It assists Indigenous people by informing them of their rights, obligations and the potential opportunities associated with ownership and management of land. In addition, it helps Indigenous people to develop partnerships to enable them to maximise the social, economic and cultural benefits that can be derived from the land.</p>	<p>DIA Land Branch</p>	<p>DIA will cover most of the administrative and logistical costs associated with the land transfer process, but have limited project and maintenance funds.</p>	<p>The DIA policy is to consult with any stakeholder that has a claim to the land vested in the ALT estate. Negotiations occur with Land Councils and a variety of Indigenous organisations. Grant funding is usually available through the Landcare program but this has been temporarily suspended.</p>	<p>In the Shire of Derby-West Kimberley, the ALT holds 39 properties including:</p> <ul style="list-style-type: none"> 9 Proclaimed Reserves 27 Reserves 2 Freehold and 1 Special Purpose Lease <p>The ALT has recently signed a Memorandum of Understanding with the Kimberley Land Council in an attempt to expedite the Land Transfer Program across the region.</p>
-------------------------------------	--	------------------------	--	---	---

Family & Social Services

Program Title	Program Description (Objective, target group, other stakeholders)	Funding Source (agency)	2004/05 Funding	How Service Delivered (e.g. contracted to xxx Aboriginal Corporation)	Comments (e.g. strengths, impediments)
Disability Services Commission – Country Services Coordination					
Indigenous Disability Access Plan 2004-2006	The Plan guides the Country Services Coordination Directorate to address issues regarding Indigenous usage of the Commission.	Disability Services Commission		Disability Services Commission	The plan focuses on the following issues: A need for more accessible information about disability and supports and services; A need for Commission staff to have improved cultural awareness and skills; A need for the Commission to have an educational and advocacy role which encourages other disability specific and generic services to be more responsive to cultural diversity; and A need to develop strengthened partnerships and collaborative service arrangements with Aboriginal communities and other agencies that provide a more holistic response to needs
Local Area Coordination	DSC cooperates a statewide Local Area Co-Ordination service throughout rural and remote Western Australia. Each local area co-ordinator operates from one of 24 country offices and provides support to between 50 and 60 people with disabilities who are eligible for services from the Commission. LACs also provide an information and advocacy service to other people with disabilities who	Disability Services Commission		Disability Services Commission – Local Area Coordinator part time staff person in Derby	

	are not registered with the Commission.				
The Indigenous Disability Action Research Project (IDAR Project)	“Building the Future for Indigenous Disability: Indigenous People with Disability, their Families and Service Providers have their Say” Report	DSC		Indigenous researchers	The purpose of the report was to provide feedback to Indigenous people with disabilities, their families, carers and service providers, and to report on strategies currently being developed to address some of the issues raised. The IDAR Project was also developed to improve support and services for Indigenous people with disabilities, their families and carers in the Kimberley Region of WA.
Derby Young Women’s Centre (Blue House)					
The Derby Young Women’s Centre (Blue House)	The Centre provides a safe environment where all women, young and old, can come with their children and families, to feel safe and trusted, to network with other women, share problems and ideas.	St John of God		Independent NGO	The program aims to enhance women’s everyday living and life skills, to learn how to deal with domestic violence and sexual abuse issues, build self-esteem and confidence. It’s a place where women can further their education, get advice on a range of different health issues, a place where they are able to feel that they are not the only ones out there with these problems. Most of all to feel they are part of a family, to be wanted and heard, knowing that balancing life and family is not an easy skill.
WA Department of Health					
Derby Local Drug Action Group (Part of Local Drug Action Group Inc.)	Community groups that, with the assistance of their incorporated parent body and support agencies, develop grass root prevention initiatives to address local drug related issues.	DAO	\$4025.00 in funding from LDAG Inc.	Service agreement between DAO and Local Drug Action Groups Inc.	Derby LDAG is well supported by the local community, local business and service providers. They have been active in advocating for the Derby community and outer lying satellite communities in matters of liquor licensing and providing a forum for community members and local groups to voice their concerns regarding local drug use issues.

Health Services					
Agency & Program Title	Program Description (Objective, target group, other stakeholders)	Funding Source (agency)	2004/05 Funding	How Service Delivered (e.g. contracted to xxx Aboriginal Corporation)	Comments (e.g. strengths, impediments)
Department of Health					
Community Health	<p>Child and adult immunisation programs Sexually transmissible Infections (STIs) screening and Follow-up</p> <p>Manages Programs for Trachoma Hansen's Disease, Chronic disease, women's health, school health, cervical cancer screening, Health Promotion and education</p>				<p>Very successful program - Kimberley region has the highest proportion of immunisations in WA</p> <p>High numbers of STIs in this region</p>
Nutrition Team at public Health unit, Scott House	Promotion and education of healthy lifestyle and eating			Works in collaboration with communities and Dept of Education and NGOs	Canning stock route Challenge – highly regarded – now in the Pilbara also

Aboriginal Environmental Health	Identifies community environmental health needs and implements programs including food safety regulation, water safety, mosquito control, dog health, wastewater effluent systems			Works in collaboration with Derby Shire and Aboriginal communities in the surrounding districts	Only such program in WA where works so effectively – nationally recognized
Audiology	Regional audiologist based in derby Screening for hearing impaired (children especially)			Works in close collaboration with ACCHOs and Dept education	Otitis media and conductive hearing loss are serious problems in this region that can seriously impact in a child's learning, language development New appointment soon in Kununurra which means that the Derby based officer will be able to focus more on West Kimberley needs
Health Promotion Team	Alcohol abuse major priority	DoH Health Way		Works in collaboration with communities, other Health dept and external agencies Garnduwa	Develops and implements strategies, collates information re liquor licensing requests etc
KPHU Public Health team	Manages population based disease control programs in the region			ACCHOs GPs Hospitals Communities	Regional program which includes Derby Monitors/ measures incidence and spread of disease Manages needle and syringe program Overseen by Public Health Medical Officer based in Broome
Derby Sobering-up Shelter	Provision of safe, care oriented environment for persons found intoxicated in public.	DAO	\$270,860 (excl GST)	Garl Garl Walbu Aboriginal Corporation	Effective service with stable management and consistently high client numbers. Monthly admissions averaged 175 per month in the July 2003 to June 2004 period. Admissions predominantly male (80%), and Aboriginal (>99%). Purpose built facility that is a valuable piece of community infrastructure has potential for greater use during the daytime.

					Over 90% of admissions to the Shelter are self referrals. This figure is high compared to other Sobering-up Centres. Patrol referrals are low at less than 5% of all admissions.
Kimberley Community Drug Service Team – Derby Outreach Office	AOD treatment and support services to persons with AOD issues. Provision of AOD education, training and prevention activities.	DAO	\$360,431 (excl GST)	North West Mental Health Services	This service is part of a network of 12 Community Drug Service Teams (CDSTs) across the state. KCDST provides a high quality well integrated service. Unlike most CDSTs this service is provided by a government agency rather than an NGO. Service has limited resources with 1 worker covering Derby, Fitzroy Crossing and associated communities.
Remote HACC program Kimberley Aged and Community Services	Provision of basic support services to eligible frail elderly and younger disabled people who would be admitted to residential care if the services were not provided in the community. Services include meals, laundry, shopping, transport, cleaning, personal care etc.	HACC State/Commonwealth joint funding	\$30,000	Service agreement between the Minister for Health and KHR	Operational funds paid quarterly to each remote community that has a functional HACC program, the amount depends on number of clients. Workers paid 'top up' wages in addition to CDEP program wages. Current communities receiving funding are Bidadanga and Djarindjin/Lombadina. As part of the wider remote HACC program, HACC workers in each of these communities are able to attend HACC training provided by KACS. Remote HACC clients in the area can also be referred to a remote continence advisor funded through HACC for the whole Kimberley.
Community Aged care Packages	Case management and care provision for high need elderly clients in remote communities across the Kimberley.	Commonwealth	Currently 4 clients in remote communities out of Broome. Funding is \$11,670 per client p.a.	Delivered by KACS with formal Agreement with the Australian government.	Money moves with client. Numbers in area vary from month to month so no consistent amount going into area. Program covers whole of Kimberley, not just Broome area.
National Carer Respite Service	Provision of respite care to frail elderly and younger disabled people to allow their carers to have a break from caring role.	Commonwealth	No set amount	Delivered by KACS with formal agreement with Australian	No set amount going into region. Depends on demand, respite location (residential care or community), length of respite, numbers of carers with dependent family members etc.

				Government	
KPHU Community health	Child and school health programs including immunisations.	State	No set amount	Community Health Nurses from Broome provide childhood/adult vaccinations	Successful program but could be better if better access to shared data between Bidy clinic (KAMSC) and DoH
KPHU: Public health	Sexually transmissible infections (STI) Program	State	No set amount	STI Coordinator provides support to Bidya Clinic staff Also Contact tracing and follow-up support provided from KPHU Disease Control centre, Broome	New staff member at KAMSC Bidya clinic working extremely well/ requesting lots of information form STI coordinator/ good collaborative work
KPHU: Community Health	Manages Programs for Trachoma Hansen's disease and infectious diseases.	State	No set amount	Provided through Broome Community Health	Shared data as per Derby would assist greatly
BHS	Visiting physiotherapy, occupational therapy and speech therapy service to Beagle Bay, Bidyadanga One Arm Point and Lombadina communities providing assessment and treatment upon referral from doctor/clinic/community	WACHS Kimberley		Visiting physiotherapy consults at either the school or clinic.	Number of visits per year is limited by staffing resources.

	health staff. Paediatric screening of gross motor skills early childhood conducted annually at schools. Health promotion activities upon request.				
NorthWest Mental Health Service	Community based mental health service providing in reach services to hospital and outreach services to remote communities. Daily visits to Bidyadanga every four weeks by Community Mental Health Professional and Indigenous Mental Health worker. Focus is on serious mental illness. Prevention and promotion also undertaken and, in this case, target group is those at risk of mental illness. Specialist child and adolescent and youth counselling services are also available but visits are on an as needs basis. Telephone support is also available in business hours and staff work in liaison with BRAMS/KAMSC clinical staff.	WACHS		NWMHS	<p>Strengths include seniority of many clinical staff and familiarity with the community.</p> <p>Impediments include resources insufficient to treat all with serious mental illness and prevention and promotion activities are a constant challenge. Partnership with KAMSC and population health should assist attention to this area.</p>
Kimberley Community Drug Service Team	Community based counselling, education, harm minimisation at individual and community level. Source of expertise to other agencies in the area.	Primarily DAO		DAO contracts NWMHS	<p>Strengths include grounding in the best practise models, KCDSTs model of service delivery has received attention as possible model for elsewhere in the state. Close integration with NWMHS allows attention to people with dual diagnosis.</p> <p>Impediments include very small sized team. Often mistaken belief that KCDST should address all issues in</p>

					the Kimberley. Recent development to address this include meetings with a wide range of stakeholders and ongoing forum for interagency liaison established. The KCDST visits Bidyadanga monthly, unless there are circumstances that warrant a variation in timetable e.g. community request for consultation or training. Monthly visits usually involve visiting clients or their families and/or support and consultation for other agencies/providers that service the community
KPHU: Community Health	Child and Adult Immunisation Program	State	No set amount	Works collaboratively with DAHS staff	DAHS has access to HCare (DoH) data base re immunisations and this assist greatly
KPHU: Community Health	Sexually Transmissible Infections (STIs) Screening and Follow-up	State	No set amount	Works collaboratively with DAHS staff	DAHS/ Community health staff very effective collaborative effective working relationship - high number of STIs in this region
KPHU: Community Health	Manages Programs for Trachoma Hansen's disease, chronic disease, and women's health. School health, cervical cancer screening	State	No set amount	Collaborative work with DHAS for trachoma Hansen's cases are recalled through DAHS (Ferret system)	Shared data base re trachoma Recalls through Ferret Better access of shared data would assist even moreso
KPHU: Nutrition Team at Public Health Unit, Scott House	Promotion and education of health lifestyle and eating			Works in collaboration with communities and Dept of Education and NGOs	Canning Stock Route Challenge, highly regarded, now also in the Pilbara
KPHU: Aboriginal Environmental Health	Identifies community environmental health needs and implements programs including food safety regulation, water safety, mosquito control, dog			Works in collaboration with Derby Shore and Aboriginal communities in	This program works very efficiently with Shires – Nationally recognized

	health, wastewater effluent systems			the surrounding districts	
KPHU: Audiology	Regional audiologist based in Derby screening for hearing impaired (children especially)			Works in close collaboration with ACCHO's and Dept of Education	Otitis media and conductive hearing loss are serious problems in this region that can seriously impact in a child's learning and language development. New appointment soon in Kununurra which means that Derby based officer will be able to focus more on West Kimberley needs.
KPHU: Health Promotion Team	Alcohol abuse major priority	DoH Healthwise		Works in collaboration with communities, other Health department and external agencies Garnduwa.	Develops and implements strategies, collates information re liquor licensing request etc.
KPHU: Public health Team	Manages population based disease control programs in the region			ACCHO's, GPs, hospitals and communities	Regional program which includes Derby Monitors/measures incidence and spread of disease Manages needle and syringe program Overseen by Public Health Medical Officer based in Broome
NorthWest Mental Health Service	Community based mental health service providing inreach services to hospital and outreach services to remote communities within the Derby Shire. Focus is on serious mental health illness, prevention and promotion also undertaken and, in this case, the target group is those at risk of mental illness. Specialist child and adolescent and youth counselling services	WACHS		NWMHS	Strengths include seniority of many clinical staff and success in retention. Also strong focus on outreach and attempts to increase accessibility of service to Aboriginal people. Impediments include resources insufficient to treat all with serious mental illness and prevention and promotion activities are a constant challenge. Partnership with KAMSC and population health should assist attention to this area.

	are also available.				
Kimberley Community Drug Service Team	Community based counselling, education, harm minimisation at individual and community level. Source of expertise to other agencies in the area.	Primarily DAO		DAO contracts NWMHS	Strengths include grounding in the best practise models, KCDSTs model of service delivery has received attention as possible model for elsewhere in the state. Close integration with NWMHS allows attention to people with dual diagnosis. Impediments include very small sized team. Often mistaken belief that KCDST should address all issues in the Kimberley. Recent development to address this include meetings with a wide range of stakeholders and ongoing forum for interagency liaison established.
KACS: Home & Community Care Derby HACC Inc	Provision of basic support services to eligible frail elderly and younger disabled people who would be admitted to residential care if the services were not provided in the community. Services include meals, laundry, shopping, transport, cleaning, personal care etc.	HACC State/Commonwealth joint funding	\$261,164	Service agreement between the Minister for Health and Agency	Community based services Derby town clients and extends to Mowanjum community, co-located with Senior Citizens Centre.
KACS: Remote HACC program Kimberley Aged and Community Services	Provision of basic support services to eligible frail elderly and younger disabled people who would be admitted to residential care if the services were not provided in the community. Services include meals, laundry, shopping, transport, cleaning, personal care etc.	HACC State/Commonwealth joint funding	\$79,000	Service agreement between the Minister for Health and KHR	Operational funds paid quarterly to each remote community that has a functional HACC program, the amount depends on number of clients. Workers paid 'top up' wages in addition to CDEP program wages. Current communities receiving funding are Dodnum, Gibb River, Imintji, Mt Barnett and Mowanjum (Gibb River Road) Community to the value of \$41,000 and Jarlmanhangah, Looma and Pandanas Park (Derby Shire) to the value of \$38,000. As part of the wider remote HACC program, HACC workers in each of these communities are able to attend HACC training provided by KACS. Remote HACC clients in the area can also be referred to a remote continence advisor funded through HACC for the whole Kimberley.

KACS: Community Aged care Packages	Case management and care provision for high need elderly clients in remote communities across the Kimberley.	Commonwealth	Currently 4 clients in remote communities out of Derby. Funding is \$11,670 per client p.a.	Delivered by KACS with formal Agreement with the Australian government.	Money moves with client. Numbers in area vary from month to month so no consistent amount going into area. Program covers whole of Kimberley, not just Derby area.
KACS: National Carer Respite Service	Provision of respite care to frail elderly and younger disabled people to allow their carers to have a break from caring role.	Commonwealth	No set amount	Delivered by KACS with formal agreement with Australian Government	No set amount going into region. Depends on demand, respite location (residential care or community), length of respite, numbers of carers with dependent family members etc.
Kr: Derby Health Service	Emergency Services Primary Care GP appointments Specialist appointments Accident and Emergency, a 24 hour service based at Derby hospital. Trauma Ambulance Service to Derby and outlying communities. The Hospital is a 54 bed facility with major surgical theatres, high dependency care unit, Level II Neonatal Unit, maternity ward, children's ward and medical/surgical ward.	State Government		Delivered by Doctors, Registrars, Nursing and Orderly staff	

Kr: Numbala Nunga Nursing Home	An accredited 50 bed residential aged care facility with high care facilities				
Commonwealth Department of Health and Ageing					
Namang Bawoona Aged Care Hostel	To provide residential aged care services for clients assessed as needing care		17 low care places	The hostel is managed by Frontier Services	Fully accredited facility. Staff recruitment an ongoing challenge.
Health Service – Derby Aboriginal Health Service (DAHS)	Primary health care service for health Indigenous clients in and around Derby including Bringing them Home. DAHS also administers part of the Primary Health Care Access Program (PHCAP) site eg Gibb River Road, Pandanus Park, Jarlmadangh.	Health - OATSIH	In the region of \$800,000	Service delivered in the DAHS clinic in Derby. DAHS also administers part of the Primary Health Care Access Program (PHCAP) site to eg Gibb River Road, Pandanus Park, Jarlmadangh.	DAHS is an expanding clinic with an excellent reputation. It has a brand new clinic in Derby which should be opened at the end of April 2005.

Housing & Infrastructure					
Program Title	Program Description (Objective, target group, other stakeholders)	Funding Source (agency)	2004/05 Funding	How Service Delivered (e.g. contracted to xxx Aboriginal Corporation)	Comments (e.g. strengths, impediments)
Department of Planning and Infrastructure					
Planning for Aboriginal Communities project	The project involves preparation of mini-town plans for large, permanent and remote Aboriginal communities.	Relies on yearly resource allocation by participating agencies.		DPI Country Planning Branch on behalf of the WA Planning Commission. Steering Committee – WAPC, DIA & DHW.	Extensive consultation is conducted at all stages of the project with communities and agencies to facilitate the endorsement and implementation of plans and promote the resolution of key community development issues as part of the planning process Final plans are endorsed by the community council prior to adoption by the WAPC.
	Motor Vehicle Drivers Licences	DPI			No specific programs or funding directed towards Derby – or any other town or community. In general however, DPI Kimberley is closely investigating the arrangements leading to the difficulties being encountered by indigenous youth in acquiring motor vehicle driving licenses. We are looking at establishing licensing facilities within larger communities, operated by the communities, with a preliminary trial expected to commence early 2005.
Department of Housing and Works					
Aboriginal Home Ownership Scheme	The Aboriginal Home Ownership Scheme is run by Aboriginals for Aboriginals. People with a unique understanding of Aboriginal housing needs who offer simple practical	DHW			

	<p>advice with things like finance together with counselling services should any difficulties arise once a loan has been taken out. The main aim of the scheme is to give Aboriginal people the opportunity to acquire home ownership and to establish a proud, secure base within the community for themselves and family.</p>				
<p>Aboriginal Housing and Infrastructure Unit</p>	<p>Aboriginal Housing and Infrastructure programs are aimed at improving housing options for Aboriginal people. These include: Rental homes for Aboriginal people outside the mainstream Homeswest program</p> <p>Supporting Aboriginal communities by providing a range of construction, new housing, infrastructure initiative, associated training and capacity building programs and maintenance programs.</p> <p>Counselling and support services to tenant</p> <p>Support to Aboriginal housing organisations to ensure viability and</p>	<p>DHW</p>			

	<p>effective management</p> <p>Encouraging home ownership through the Aboriginal Home Ownership Scheme</p> <p>Opportunities for joint ventures with Aboriginal community organisations.</p>				
Department of Housing and Works					
Crisis Accommodation Program	<p>Purpose built safe house for victims of domestic violence in Derby completed in March 2003. The contract price of this construction was 754,306. It is situated on Crown Land, lot 1416 Baobab Street Derby.</p> <p>The main refuge includes 5 bedrooms, 2 bathrooms, carers room, meeting room, office, waiting room, store, laundry, dining room, kitchen, living room & an outdoor dining/verandah. The building also caters for disabled clients.</p>	DCD	NA	The facility is managed by Marnin Bowa Dumbara Aboriginal Corporation	The "Family Healing Centre" is a new concept to house not only women & children escaping domestic violence but also provides a separate facility whereby male perpetrators can be reunited with their families and begin the family healing process. The aim of the service is to provide family support, healing and crisis accommodation to victims of family violence and to promote culturally based counselling and healing services to keep families together.
Community Disability Housing Program	Spot purchased from private market specifically to house this client who has an intellectual	N/A	N/A	This property is managed by Jalaris Aboriginal	This house was deemed to be suitable for the tenant to live in a carer situation as it is divided into 2 living areas which allow for a high level of care whilst also offering a level of privacy to each party

	<p>disability. The property was purchased in July 2004 for \$170,000.00 and is a 4 bedroom 2 bathroom home situated in a cul de sac at 6 Richardson Tce Derby</p>			Corporation	
In Home Practical Support (Pilot Program)	<p>Note: delivered to surrounding communities not Derby Townsite.</p> <p>The objective of the program is to improve the sustainability and longevity of Indigenous housing in remote, regional and urban areas by developing the home living skills of Aboriginal people participating in the program.</p> <p>The IHPS identifies and builds on the existing skills and knowledge in the community to deliver the program. Participants have the opportunity to develop and improve their home living skills including clean and healthy living practices, family budgeting and knowledge of tenancy obligations to manage and maintain a healthy home. The IHPS</p>	DHW	\$150,000	Ngunga Women's Group was identified in the Regional Housing & Infrastructure Plans by the ICC and has been contracted to deliver the IHPS	<p>The In Home Practical Support is a start up program in the development stage with pilots occurring in Remote, Regional and Urban locations throughout the state.</p> <p>The IHPS incorporates a new way of doing business with Aboriginal communities and has been designed to reinforce community drive and control with community members identifying local outcomes and entering into a partnership with the Department of Housing & Works (DHW) to achieve them.</p>

	connects with other programs and services to deliver a joined up approach in addressing environmental health, community development and social issues.				
Aboriginal Customer Support Officers	3 Aboriginal Customer Support Officers based in Perth offer assistance to Aboriginal Homeswest tenants. The Officers role is to liaise between the tenant and the Accommodation Manager to resolve issues including rent arrears, property standards and anti-social behaviour	DHW	Unknown	Service is delivered through the Aboriginal Housing & Infrastructure Directorate	The Customer Support Officers cover the whole state including the metro area and have limited opportunity to travel to Derby and other regional locations.
Housing & Construction	Public housing building and construction program.	DHW	\$942120.00	Through DHW tender process	3 x 3 bedroom dwellings 1 x 4 bedroom dwelling
H & C	Building program continued	DHW	Unknown	Through the DHW tender process – due in Feb 2005.	8 x 3 bedroom stock replacement 4 x 3 bedroom building program In addition the DHW have 279 public housing properties in total; 218 mainstream (F1) ; 61 ABL designated properties (F6) ; and 118 GEHA properties (Designated housing for government employees).
Admin Building Looma	Construct new Admin building	DHW	\$500,000	Cost managed by DHW	Improved management

Commonwealth Department of Transport and Regional Services					
Sustainability and Development Program	Mowanjum Emama Nguda Aboriginal Corp Winun Ngari Looma	DHW	\$69,000 \$63,000 \$140,000 \$125,000	IHO's managed by DHW.	Asset preservation - by providing housing management and operational support to communities and organisations in and around Derby

Capital Works – Town Reserves	Upgrading Power and Water infrastructure at Karmulinunga	DHW	\$45,000	Cost managed by the DHW	Include all four family groups

Education & Training					
Program Title	Program Description (Objective, target group, other stakeholders)	Funding Source (agency)	2004/05 Funding	How Service Delivered (e.g. contracted to xxx Aboriginal Corporation)	Comments (e.g. strengths, impediments)
The Kimberley College of TAFE					
The Kimberley Centre for Indigenous Community and Economic Development	The Centre supports local Indigenous people in performing their own community and economic analysis, to determine their own goals, and implement their own ideas. The Centre was established by the Kimberley College of TAFE	Philanthropic Sponsorship. Scholarships to assist with the fees of students from remote locations to participate in accredited training.		KCICED partner with communities to develop organisational and individual capacity. KCICED staff also provide training in techniques, concepts and the necessary tools.	The obvious strength of the KCICED is that it is community owned. Whilst KCICED, and other contributors provide training and assistance, the community implements the project in question. The result should be ownership of the project and ongoing sustainability.
WA Department of Health					
School Drug Education and Road Aware Project (through the Kimberley ROC)	Provision of professional development programs for school staff and the greater school community to assist in the development and delivery of comprehensive drug education programs to students. Cross-sectoral program available to all	DAO	\$900,000 (State-wide funding) Approximately \$40,000 is provided to Kimberley ROC to run	Service agreement between the DAO and the three education systems and sectors (DET,	Up till the start of 2003, 79% of Kimberley schools had been involved in the SDERA training, including Derby schools. The Kimberley ROC is uniquely placed to develop professional development programs that meet the individual needs of schools and communities. The ROC has been instrumental in developing indigenous specific teaching resources and training methods for local teachers.

	schools within the region.		their regional drug education professional development program within the region.	AISWA and CEO).	There is a high level of staff turnover within Kimberley schools. While training is offered to all schools in the region, priority areas for schools change when new staff arrive and some schools may not take up drug education from year to year.
--	----------------------------	--	---	-----------------	--

Income, Employment & Economic Development

Program Title	Program Description (Objective, target group, other stakeholders)	Funding Source (agency)	2004/05 Funding	How Service Delivered (e.g. contracted to xxx Aboriginal Corporation)	Comments (e.g. strengths, impediments)
Department of Employment and Workplace Relations					
Job Placement, Employment and Training (JPET)	Case Management approach: -Targets people aged 15-21 in Derby and remote communities at risk of homelessness and or out of work . Partner with MOJ, DHW and DET to provide options re schooling and accommodation.	DEWR		Skillshare Derby	Not specifically Indigenous focused. One on one emergency issues difficult to deal with given funding only covers one staff person also running the JPP. Difficult to get time to visit remote communities to develop necessary relationships.
Department of Education, Science & Training					
Job Pathways Program (JPP)	Assists students aged 13-19 who have recently left or thinking of leaving school to make a successful transition from school to work. Assistance is given to link into further education and training in other institutions, find employment or gain a traineeship or apprenticeship	DEST		Skillshare Derby	Not specifically Indigenous focused Run throughout Kimberley in 10 schools by one staff person located in Derby. Teachers identify and link students to JPP. Note: need to develop a strong strategy to coopt parents into truancy prevention and to act as mentors to young people.
Derby/West Kimberley SkillShare					
Derby/West Kimberley SkillShare	SkillShare provide free employment service to both employers who place their job vacancies with skillshare, and to jobseekers who wish to apply for any positions that	DEWR DEST			

	<p>may be advertised through Skillshare. Services include:</p> <p>Personal Support Program</p> <p>Work For The Dole</p> <p>Fee-For-Service Training Activities:</p>				<p>The Personal Support Program provides services to those jobseekers who are not ready for the type and level of assistance offered under Intensive Assistance. We assist clients to access counselling, stable accommodation, drug or alcohol rehabilitation programs and other activities which address personal development needs.</p> <p>Work for the dole provides work experience placements for job seekers in approved activities, which provide facilities and services to local communities. Through WFD, participants may also earn a Training Credit and receive a passport to Employment</p> <p>Derby Skillshare provides the following on a fee for service basis:</p> <ul style="list-style-type: none"> ▪ Senior First Aid ▪ Basic First Aid ▪ First Aid-Refresher course

Justice, Safety and Security					
Program Title	Program Description (Objective, target group, other stakeholders)	Funding Source (agency)	2004/05 Funding	How Service Delivered (e.g. contracted to xxx Aboriginal Corporation)	Comments
Numbud Patrol	Reduction in incarceration rates of intoxicated people. Reduction in anti-social behaviour. Reduction in number of children truanting. Development of relationship with the WAPS and commercial liquor outlets. Development of wide community support. Main stakeholders in terms of relationships are WAPS and DOET The Numbud Patrol provides female drivers to collect women who wish to visit the Blue House.	DIA Boab Hotel Wool-worth's Shire	\$55 000 (incl GST) Unknown Unknown \$5 000	Money provided in grant form to Garl Garl Walbu Sobering Up Centre.	Unable to address youth/truancy issues – voluntary service only. 1000 pick-ups per month on average. Good use of Shelter, but people – especially those who live out of town -still sleeping on streets. Bus running ok but will need replacement soon. Need for administrative and management support to improve patroller skills and promotion of service.

WA Local Government Association – RoadWise Project					
Crossing Aboriginal Pedestrian Road Safety Project – RoadWise.	Objectives of the project were to endeavour to reduce or eliminate the pedestrian versus vehicle road crashes that were occurring on Sandford road in Fitzroy Crossing.	Healthways State Blackspot Program Shire of Derby/West Kimberley		Through RoadWise Staff & Committee.
